

## **Citizenship – Traits, Navigators on a Roll**

At the end of each month, teachers will identify students from their class who have exhibited the specified citizenship trait for the month, outstanding academic and work study effort, and excellent attendance. Students will be selected and celebrated based on the guidelines given by the school counselor/administrator. In addition, students will be recognized monthly on the morning show. The names of students selected will be posted on the Navigators on a Roll display in the main hallway.

Teachers are to introduce students to the citizenship traits found in the student agenda book: Responsibility, Respect, Compassion, Honesty, Tolerance, Perseverance, Cooperation, and Self-Discipline.
